Adoption Fees

Effective April 1, 2021

For every dog in rescue with Minnesota Boxer Rescue (MNBR), MNBR will provide the following routine health care as needed:

- Comprehensive physical veterinarian exam
- Rabies
- Distemper combo
- Bordatella
- Heartworm Test and preventative meds (first round)
- Fecal test and any necessary worming
- Microchip implant and registration
- Spay or neuter
- Any other treatment deemed necessary by approved rescue vet

Many dogs require routine medical treatment ranging from \$100-\$800 each. This medical treatment is in addition to housing, transport, feeding, and other costs associated with keeping the Boxer safe, healthy, and happy while in our care. Some dogs require more serious care for heartworm treatment, dental disease, tumor removal, limb amputation, and knee and hip repair. These types of medical treatment can incur expenses from \$1000 to \$5000 with rare situations running up to \$10,000.

To provide the necessary care for each dog in rescue with MNBR, the fee schedule below has been implemented. Funds not utilized for one dog are applied to the needs of another dog within the rescue.

Payment of adoption fees are non-refundable¹ and are required prior to or at the time an adopter takes custody or a foster determines they are adopting their current foster dog. We will not negotiate adoption fees. This is not a "sale", but a fee that enables us to continue to help more Boxers in the future.

Age of Dog	Adoption Fee ²
Puppy (newborn – 2 years)	\$500
Youth (2-4 years)	\$400
Adult (4-7 years)	\$300
Senior (7 years or older)	\$250

If you have any questions regarding the adoption process, please contact MNBR's Adoption Coordinator at: adopt@minnesotaboxerrescue.onmicrosoft.com

¹ Exceptions will be reviewed by MNBR such as prepayments.

² Adoption fees are subject to tax for Minnesota residents; adopters residing in any state, other than Minnesota, are not subject to paying tax.

Have a little wiggle room? Adopt a Boxer!
